

FO-POXY

Radiator Seal

- Seals leaks in metal and plastic radiators.
- Easy to use Single pack which Sets quickly.
- Safe, easy and Quick
- Compatible with all Brands and variants of Anti-freeze

FO-POXY (Radiator Seal) is a versatile easy to use single pack powdered solution to permanently seal leaks in plastic, aluminium and metal radiators, heater cores, blocks, heads, gaskets and freeze plugs.

In addition, it also inhibits formation of Rust / scale, neutralizes pH imbalance, controls electrolysis and seals internal, external and coolant-to-oil leaks.

Stops Leaks in only a few minutes.

Available in following 3 Stock variants: Neutral, Aluminium and Copper

Directions :

- ⇒ For best results, clean and roughen the bond area prior to application.
- ⇒ Pour the contents into the radiator: 1 Can for small vehicle and 2 cans for Trucks or Large vehicle.
- ⇒ Top up the coolant level in radiator and in the overflow.
- ⇒ Start the engine and let it run for few minutes.
- ⇒ The leakage should stop within 10-15 minutes.
- ⇒ Recheck the leak and coolant levels.

Packing :

20 gms (Net) Can. 12 Cans per Shipper and 20 Kgs Bulk
